5	LIST OF IDENTIFICATION NUMBERS		
6			
7	National Measurement Office		
8	Stanton Avenue		
9	Teddington		
10	Middlesex		
11	TW11 0JZ		
12	INTRODUCTION		
13	The following is a listing of the numbers allocated to local weights		
14	and measures authorities and approved verifiers for identification		
15	purposes on items of weighing or measuring equipment.		
16			
17	This list covers those numbers used to indicate equipment which		
18	has been passed fit for use for trade in accordance with the		
19	Weights and measures Act 1985.		
20			
21	Notes:		
22	(a) Where a number has been cancelled, the name of the last Weights and		
23	Measures authority to which the number was allocated has a line through it.		
24	(b) Numbers have not had static geographical locations; in the past numbers surplus		
25	to requirements in one area have been re-allocated to another part of the country.		
26	(c) The most current amendments to the numbers within the document are marked		
27	in red with the last update dated at the top of the page.		
28
